

Harness the Power of Nature for Optimal Health

KetoActiv™

The Only Activated Ketone in Canada with an NPN

Burn fat, lose weight and increase energy with **KetoActiv™**. Whether for fat-loss, athletic performance, mental clarity or anti-aging, this exogenous ketone does not induce gastrointestinal distress, which is common with ketone or MCT-based products. **KetoActiv™** supports the Ketogenic diet and provides healthy maintenance of blood sugar levels in diabetics. Experience the only **activated ketone** in Canada with an NPN.

What makes our product different?

The combination of beta hydroxybutyrate (BHB) and butyric acid (BA) work together to activate the liver, draw fat out of the body and metabolize it for energy. Best of all, it tastes great

For Best Results:

In a fasting state, mix 5-grams of KetoActiv powder with a 16-ounce bottle of water. Drink the first 8 ounces, then add more water to the bottle and sip throughout the day to curb the appetite and provide energy.

Key Benefits:

- Supports Fat/Weight Loss
- Controls Appetite and Curbs Cravings
- Increases Energy
- Promotes Mental Focus and Clarity
- Supports Cognitive Health
- Reduces Inflammation
- Improves Strength and Endurance
- Preserves and Protects Muscles
